PROGRAMME. **Classes translated into German****Level 1. 14/15 October 2017. Introduction**

Introduction to the method, the basics, equipment, studying the yin and yang, 12 meridians, 18 front doors, 16 chakras, main organs, immunity, allergies, autoimmunity, main viruses, bacteria, (patho-physiological) balance of organs, meridians, medicine test (active or toxic) laterality.

The next five levels (from 2 to 6) follow a very specific guiding thread which runs from the disturbed feeling to the associated meridian and organ, right up to the periphery: cells, hormones, DNA, disease.

Level 2. 2/3 December 2017. YI feeling

Impact of stress on the YI feeling (worry), spleen/pancreas and stomach, and the illnesses affecting the following: stomach, duodenum, pancreas, insulin, digestion, spleen, platelets, bone marrow, haematopoiesis, lymph, lips, tongue, breasts.

Level 3. 17/18 February 2018. PO feeling

Impact of stress on the PO feeling (sadness), lung and large intestine meridians, and the illnesses affecting the following: lungs, bronchus, breathing, oxygenation, skin, hair, nose, sense of smell, sinuses, metabolism and neuro-vegetative system, large intestine, elimination.

Level 4. 7/8 April 2018. ZHI feeling

Impact of stress on the ZHI feeling (fear), kidney and bladder, and the illnesses affecting the following: kidney, bladder, excretion, ears, hearing, bones, genital organs, teeth.

Level 5. 26/27 May 2018. HUN feeling

The impact of stress on the HUN feeling (anger, jealousy), liver and gallbladder, and the illnesses affecting the following: liver, gallbladder, metabolism, detoxification, digestion, eyes, eyesight, muscles, tendons, nails.

Level 6. 1/2 September 2018. SHEN feeling

At level 6, we look into the impact of stress on the SHEN feeling (excitement, logorrhoea) heart, pericardium, triple heater, small intestine, and the illnesses affecting the following: heart, pericardium, sympathetic nervous system, small intestine, circulation, assimilation, metabolism, brain activity, brain, spinal cord, nerves, vessels, sense of touch.

Level 7. 3/4 November 2018. Summary

Summary and logical/practical implementation of knowledge learned. Carrying out a standard energy check-up, initial energy check-up, endocrine hypothalamus, general and cerebral metabolism, solar system and brain, sun clock, seasons clock and SHU seasonal points, biological clock and sleep/wake cycles, easy and fast diagnosis guidance, amino acids, fatty acids, vitamins, trace elements, DNA, a patient's DNA, chromosomes and genes, plants and essential oils. Acid/base balance. Diseases spread by ticks.

Awarding of a diploma attesting that you have completed the training course.

You may now register, free of charge, in the directory of doctors and therapists trained by Dr Gérard Fiches.

Ongoing improvement sessions:

One or two per year: Presentation of new findings according to Dr G. Fiches' latest discoveries. Updating knowledge.

Next improvement sessions:

La Grande-Motte, 24/25 June 2017 - 20/21 January 2018 - 23/24 June 2018
